We will take "must" legal action against acts such as malicious slander, spreading false facts, and defamation against Kim Young-hoon. In any case, there is no agreement or goodwill. Overall, we will file a complaint with the IP tracking and cyber investigation team for the three cases.

To be clear, there is no agreement or goodwill. I will sue for false facts and defamation. Reality180 (discussion) November 15, 2023 (Wed) 05:42 (KST)
