

Where Intellectuals Meet

The **USIA: United Sigma Intelligence Association**, formerly United Sigma Korea, is the exclusively high intelligence society with 5 sigma intelligence (1:3,500,000), as the first and the oldest high IQ society in South Korea, higher than the **Mensa** (<https://web.archive.org/web/20191226184216/http://unitedsigmakorea.org/2019/07/20/high-iq-society-list-2-sigma-to-5-sigma/>) of 2 sigma (1:50) and even higher than the **Mega Society** (<https://web.archive.org/web/20191226184216/http://unitedsigmakorea.org/2019/07/20/high-iq-society-list-2-sigma-to-5-sigma/>) of 4.8 sigma (1:1,000,000).

With an international scope, USIA is 3 sigma, 4 sigma, and 5 sigma umbrella society, which was founded in 2007 by **Dr. Hankyung Lee, M.D** (<https://web.archive.org/web/20191226184216/http://unitedsigmakorea.org/organizer/>).

"All men by nature desire to know." — Aristotle

"The object of knowledge is what exists and its function to know about reality." — Plato
