What We Do

As a world-class think tank with a rich cognitive diversity of top thinkers, the United Sigma Intelligence Association (USIA), in partnership with Artificial Emotional Intelligence Research Center of Yonsei University, is UK-registered nonprofit nongovernmental international organization (Nonprofit NGO limited by guarantee without share capital, registered in England UK No. 14616036, Office: KISA, 135, Jungdae-ro, Songpa-gu, Seoul, South Korea) to promote excellence dedicated to providing intellectual inspiration to the world by awarding the USIA Fellowship and USIA Award to the world's respected intellectuals

who have changed the world, in support of intellectual individuals and organizations to engage in rigorous scientific discourse for research and experimental development in the natural sciences, engineering, social sciences, and humanities while serving humanity in a productive and respectful manner.

USIA is based on a global network of top thinkers

Our Mission

The USIA forms a network of respected intellectual people with

world-class academics, outstanding scholars, and real-world intellectuals by awarding the USIA Fellowship based on intellectual achievements that have changed the world through creative practical intelligence.

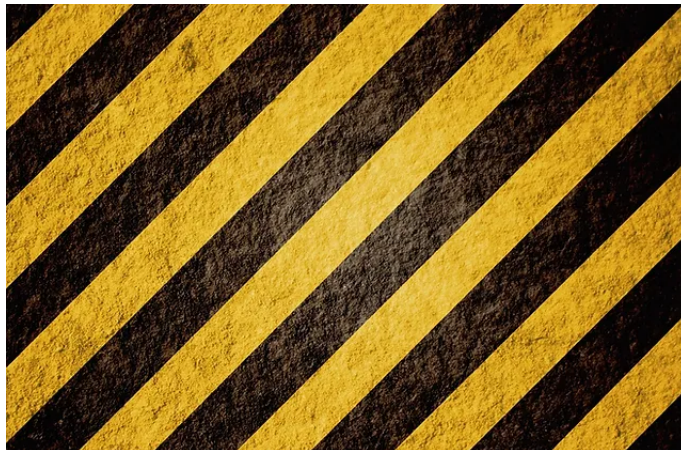

The USIA annually bestows the USIA Award to respected scientists or intellectuals who have contributed to the field of arts and sciences. The purpose of the award is to honor and express gratitude to intellectuals for their significant contributions to humanity. The USIA Award is granted with the winner's consent.

The USIA has the United Intelligence R&D Institute to study convergent understanding of human intelligence and artificial intelligence in partnership with Artificial Emotional Intelligence Research Center of Yonsei University, #1 private university in Asia, according to the QS World University Rankings 2022, 2023, 2024.

Our Vision

As a nonprofit, nongovernmental organization, what the USIA can do for humanity is to build a network of respected intellectuals around the world to engage in a variety of important projects to serve humanity. The USIA is open to working for the benefit of humanity to promote important global causes and solve major global problems.

DISCLAIMER

■ The USIA has no political or ideological affiliations and does not discriminate on the basis of

ge, sexual
mental or physical
of its activities or

■ Dr. Howard Gardner accepted the 2021 USIA Award on July 24, 2021. However, due to his personal change of mind, he asked the United Sigma Intelligence Association(USIA) to cancel the award. The USIA respected the winner's opinion and therefore revoked Dr. Howard Gardner's award directly.

■ A man named Scott Douglas Jacobsen is spreading false information without any prior fact checking on the parties. Scott Jacobsen is a jealous man as a former employee of YoungHoon, Founder & CEO of the USIA. Scott Douglas Jacobsen is a minor freelance journalist who lives in Canada without any academic degree and training, so you can ignore his jealousy and spreading false information. Please note that Scott Jacobsen is also a progressive atheist activist denying all religions and religious beliefs, and he passionately supports sex offender Aubrey de Grey.
